Maths in the K-2 is a little bit different to what you might think. Here students are using lego, dominos and blocks to cover their text books. Then they count them up to calculate the area of their book.

William and Edward are working together on our STEM project. In K-2 students have been using their maths and engineering skills to build a lego castle and dragon.

News

Welcome back to our last term for 2022. We are currently operating under Level 3 restrictions which means we are unable to have non essential visitors in the school. This helps keep our students and staff safe.

Events listed on the calendar on front page may be changed or cancelled so please keep an eye out for notes and Facebook posts.

We will be holding our Jump Rope for Heart jump off next Tuesday after lunch to raise money for heart research. Families are encouraged to make a gold coin donation to help us raise funds. Donations can be sent to school before the jump off day.

Each Tuesday we have staff from PCYC coming to our school to run an Activ8 fitness and exercise program. Please return the blue note if you haven't already done so.

In week 7 we are booked in for intensive swimming lessons every day. We are waiting to hear if this will go ahead.

Our last day for students this term will be Wednesday, 15 December 2021.

Our transition to kindergarten program started last week. The program will run for four more Fridays. We are please to have 7 students so far.

Ms Salter's writing group have been using pirates as a theme for literacy. Students have been dressing up as pirates and making costumes to help encourage writing and to use various text types.

Year 3-6 are completing research based projects this term. Each student decided on a person, place, animal or sport to research . Here are some of the topics.
