K-2 have been creating some collage artwork. Do you recognise the mountain?

Thank you to those parents for letting us know the reason their child was absent. Attendance is important but so are absence reasons.

Students love picking from the prize pool each week and understand that the more days they are here the more chances of being drawn out of the barrel on Fridays.

Students played a game about dinosaurs on the board which was made by Hezekiah. He wrote all the coding himself.

News

We're waiting on results for our relay team (Katie May, Tyler, Edward, Dixee and Hezekiah) who competed at the Lower North Coast carnival today in Wauchope.

This week was National Science Week and students participated in hands on activities. Students in 3-6 made tectonic plates to simulate what happens during an earthquake. K-2 looked at living things in our playground with the digital microscopes.

Book Week activities are on next Tuesday, 22 August 2023. Students may wear their favourite book character costume to school. Parents are welcome around 1.45 to watch the parade followed by assembly.

In Weeks 7 and 8 starting 28 August, we would like to meet with parents and carers one on one to discuss your child's progress. A booking note is attached. This will only take 15 mins and we would like all parents/carers to attend a meeting.

The 3-6 excursion note is attached. Families may start making payments now.

On Friday, 1 September, we will be having a BBQ breakfast burger for all our special dads for Father's Day. Start time is 9.00 am. The P&C will also be selling tickets for \$1 for a small hamper. Tickets available from school or on the day.
